

How many fruits,
nuts and fungi
can you find on the
Beacon...

- blackberries
- hazel nuts
- acorns
- sloes
- holly berries
- elderberries
- crab apples
- rose hips
- hawthorn berries
- bryony
- field mushroom
- candle snuff
- earthballs
- King Alfred's cakes

and for the specialists:

- pink ballerina
- meadow waxcap
- crimson waxcap
- parrot waxcap
- amethyst deceiver
- jelly ears
- yellow brain fungus
- blewit

Autumn

season of
mists and
mellow
fruitfulness

and pink ballerinas!

It's not only birds who are stuffing themselves. Badgers love blackberries too! And look carefully under hazel nut bushes and you'll find nuts gnawed open by mice and voles.

The little Beasties of Bodmin

Beacon! Squirrels, jays, nuthatches and woodpeckers also enjoy a nutty feast!

Can you... find the **mouse eating a hazel nut** on the **Autumn (Kynnyav) Bench?**
